**Subject: Earnings Presentation Q4 FY2022.**

Dear Sir/Ma'am,

Pursuant to Regulation 30(6) of the SEBI (Listing Obligation and Disclosure Requirements) Regulation 2015, we are enclosing herewith Earnings Presentation of the Company. The said presentation is also being made available at the website of the Company at [www.sarthakmetals.com](http://www.sarthakmetals.com) You are requested to kindly take the same on your record.

Thanking You,

**For, Sarthak Metals Limited**

**Pratik Jain**

**Company Secretary and Compliance Officer**

Encl. as above.

# Management Commentary

## Commenting on the Q4 & FY22 performance, Sanjay Shah, Executive Director, said:

*"We are pleased to report a good set of numbers for Q4FY22, building on our last couple of quarters of sustained good operational and financial performance. The Company has reported its highest ever quarterly topline of INR 147.2 crores, delivering robust growth of 129% on a year-on-year and 38% on a sequential basis. On a full-year basis, the Company has more than doubled its previous year's topline at INR 457.3 crores for FY22. This performance has been supported by a convergence of two factors i.e. good demand from the steel sector and a significant increase in Sarthak Metals market share for the products categories it is present in. On the profitability front, EBITDA margins grew from 7.5% in FY21 to 8.7% in FY22, supported by a healthy increase in realisations and some operating leverage leading to a 244% growth in PAT for FY22 at INR 27.5 crore.*

*Our outlook for the coming year remains robust, reinforced by the upcoming capacities and investments in the Indian steel industry. Our clients, some of India's most prominent steel players, are constantly looking for expansion opportunities. In line with current market demand and to further consolidate Sarthak's position in its industry, the Company is planning to expand its capacities. The Company is in the process of adding another furnace for aluminium flipping coils that will lead to capacity augmentation of up to 50% of the current capacity, the same is expected to be commissioned in H1FY23. Furthermore, an additional manufacturing line of cored wires is also on the cards for the coming year. To capitalise on opportunities beyond our existing product segments, your Company acquired a 5-acre plot next to our facility, that is reserved for a new strategic business opportunity that the Board of Directors and Senior Management are currently validating.*

*Given our robust financial performance and strengthened balance sheet position, we have announced a second and final dividend of Re 1 to our shareholders. The total dividend for the year will be Rs 2, subject to shareholder approval in the AGM. Your company looks forward to capitalize on the long-term opportunities offered by the Indian steel industry and the growing Indian economy."*

# Sarthak Metals Snapshot

Sarthak Metals Limited ("Sarthak") part of the Desraj Bansal Group is India's leading manufacturer and exporter of Cored Wires and Aluminium Flipping Coils that find application in the metallurgical industry. Being an experienced and quality conscious manufacturer, Sarthak is the preferred supplier for these products to some of India's largest steel units.

Headquarter in Bilai, Chhattisgarh, with its state-of-the-art, ISO 9001-2000 certified manufacturing units, the Company is strategically located in close proximity to a critical steel hub in the country.

# Milestones

1995

- Incorporated in 1995 with an industrial gases unit producing industrial oxygen and carbon dioxide catering to industries units in its vicinity

2008

- Commenced production of Aluminium flipping coils with its first mill built in-house

2017

- Raised funds through its initial public offer and got listed on BSE SME

2022

- Crossed 450+ crores topline benchmark

2002

- In efforts to cater to the growing metallurgical industry in the country, commenced its first cored wire mill built in-house

2012

- Started manufacturing cored wire feeder machines

2018

- Started producing Aluminium wire rods (backward integration for flipping coils)

# Product Categories

The Company has two primary product categories i.e., Cored Wires and Aluminium Flipping Coils. In addition, the Company also produces Cored Wire Feeder Machines.

## Cored Wires

- Cored Wires are a product of wire injection technology of steels. They consist of steel tubes (wires) filled with various alloys that are injected in molten metal for introducing different characteristic in the metal.
- Some key cored wires manufactured by Sarthak are – Calcium Silicide, Calcium Iron, Calcium Aluminium Iron, Calcium Solid Wire, Lead Cored Wire, Ferro Titanium, Carbon, Ferro Boron, Magnesium Ferrosilicon, Nitride Manganese, Ferro Niobium.
- Key functions of cored wires is steel refining, alloy addition, deoxidation, desulphurization, denitrification, etc.

### Why cored wires?

Cored wires (or wire injection technology) are a substitute to single-shot addition of alloys into molten metal. Cored wire helps in uniform and homogeneous mixing of alloys in the ladle. It is a more accurate and efficient process of adding chemical elements in the casting. Cored wires have become a indispensable part of metallurgical plants today.

## Aluminium Flipping Coils

- Aluminium flipping coils are used in steel manufacturing process for de-oxidising of molten steel, and as a alloying element for manufacturing specialized steel.
- Key function of Aluminium wire is de-oxidising, grain refining, nitride forming and alloying of steel.

## Wire Feeder Machines

- Machines that are designed to inject cored wires into molten steel for metallurgical process control. The Company offers a wide range of customized machines, with 2 and 4 strand options that can draw wires from 5 to 15 mm diameter with a speed of up to 300 meters per minute.

# Infrastructure

- The Company has two state-of-the-art manufacturing facilities in Bhilai, Chhattisgarh
- Strategically located in proximity to many clients
- Cumulative ~2,50,000 sq. ft. plot area, with land availability for future expansions
- 4 lines for manufacturing cored wires and 2 lines for Aluminium flipping coils, built in-house specific to the Company's needs
- Equipped with sophisticated machinery and testing equipment's
- ISO 9001:2008 certified unit
- Equipped with a fully-functional chemical lab, and atomic absorption spectrophotometer for testing and QC of raw materials & finished products

# Warehousing Capabilities

- Equipped with state-of-the-art warehousing capabilities
- Ensuring uninterrupted and reliable supply of metallurgical solution to our clients
- Establishing Sarthak's as a preferred supplier with leading Indian steel mills

## Cored Wires

- **1,500 Sq. Mt.** material storage space for Cored Wires
- Sufficient to stock **2,000+ tonnes** of material, equivalent to **3 months** buffer
- Sufficient space to stock finished products as well

## Aluminium Flipping Coils

- **2,800 Sq. Mt.** material storage space for Aluminium Flipping Coil
- Sufficient to stock **4,000+ tonnes** of material, equivalent to **4 months** buffer
- Sufficient space to stock finished products as well

# Leadership

**Anoop Kumar Bansal**  
MANAGING DIRECTOR

Mr Bansal has a Bachelors in Commerce degree from Nagpur, as Managing Director he has been instrumental in strategic planning. He brings innovative commercial ideas, execution-led experience, and vision to the table, which has contributed to the Company's success. He is also entrusted with looking after DB Group's ferroalloys division and the Company's industrial gases division (which has been sold in 2021). In addition, he leads the CSR initiatives at the Company.

**Sanjay Shah**  
WHOLE-TIME DIRECTOR

Mr Shah is a Whole-Time Director and the head of Marketing team at Sarthak. He has been instrumental in creating the domestic business of Sarthak, and getting the Company empaneled with leading steel institutions of the country, and as a result Sarthak works with the largest Indian steels mills today.

**Mayur Bhatt**  
WHOLE-TIME DIRECTOR  
& CEO

Mr Bhatt is a Whole-Time Director and the Chief Executive Officer of the Company. He is an essential link between the production and sales functions of the organisation; he also manages the day-to-day business and financial activities of the Company. He also contributes to raw materials management. His contributions have been of great value to the Company.

# Board of Directors

## Mr Sunil Kumar Agarwal

CHAIRMAN & NON-EXECUTIVE,  
NON-INDEPENDENT DIRECTOR

Mr Agarwal is the Chairman of the board and a Non-Executive Director in the Company. He holds a Bachelors Degree in Engineering (Mechanical) (Honors). In his past roles, Mr Agarwal has been associated with GCET Raipur, Indian Railways Traffic Services, and served prestigious roles such as Divisional Railway Manager, Chief Commercial Manager SEC Railway, Chief Operating Manager and additional member to the Ministry of Railways.

## Ms Rama Kohli

NON-EXECUTIVE, INDEPENDENT  
WOMAN DIRECTOR

Ms Rama Kohli is a Non-Executive and Independent Director of the Company. She holds a Bachelors Degree in Science from Pt. Ravishankar Shukla University, Raipur. In addition, she has also completed her PGDBM from Pt. Ravishankar University, Raipur. She is currently undertaking various management advisory activities.

## Mr Sunil Dutt Bhatt

NON-EXECUTIVE,  
INDEPENDENT DIRECTOR

Ms Sunil Bhatt is a Non-Executive and Independent Director of the Company. He has more than 35 years of work experience as a part of the department of Instrument and Weighing in Bhilai Steel Plant, SAIL. He recently retired in 2020 and joined the Company's board in 2021.

## Mr Dwadasi Venkata Giri

NON-EXECUTIVE,  
INDEPENDENT DIRECTOR

Mr Dwadasi Venkata Giri is a Non-Executive and Independent Director of the Company. He has completed his Post Graduation (M.Com) from Pt. Ravishankar Shukla University, Raipur. He also completed LLB and CA IIB from Raipur. He has vast experience in the banking and finance domain.

# 02

## STRATEGIC DRIVERS

- 19 INVESTMENT THESIS
- 20 STRENGTHS AND WEAKNESS
- 21 BUSINESS CANVAS

# Investment Thesis

## Industry tailwinds

Indian steel industry is expected to register healthy volume growth, with growing capacity utilizations and addition of new capacities on back on growing domestic & international demand. This bodes well for our Cored Wire business.

## Expansion – Aluminum flipping coils

The Company is planning to expand capacity of this vertical with the installation of a new furnace in H1FY23, that will lead to capacity augmentation by up to 50%.

## Ramp-up – Cored wires

Ramping up operations of Cored wires by cornering higher market share and leveraging the growing crude steel production in India.

## Export opportunities

Getting export growth back on track by adding newer markets, while growing in existing markets.

## Integration in value-chain and Diversification

Evaluating opportunities in the value-chain, that will aid in growth and margin expansion. In addition, the Company is exploring diversification opportunities in adjacent categories.

## Healthy financial performance

Operating leverage in profitability margins is expected to kick in with growing scale of operations. The Company expects to maintain healthy dividend payouts on the back of growing profitability.

# Strengths and Weakness

## STRENGTHS

- Among the leading players in metallurgical cored wires
- Strategically located facilities
- Strong clientele with India's leading steel players
- Long standing track record as a consistent, quality solution provider
- Experienced promoters and strong parentage of the Group
- 2<sup>nd</sup> generation management driving newer segments and exploring ideas for expansion in adjacent categories

## WEAKNESS

- Fragmented market
- Cyclicity of the steel industry
- Working capital intensive operations
